RE: Application No. V-1446 by Owatonna Pearl LLC, a request for a rear setback variance of 6' where a 12' setback from the north property line is required for a new structure.

Application Review:

Applicant/Owner: Owatonna Pearl LLC

Location of Property: 130 Pearl Street E

Zoning Map: B-3, Central Business District

Zoning Ordinance: Section 157.028 (B) states that all principal structures shall be located a minimum of 12' from the rear property line within the B-3, Central Business District.

Report Attachments:

4. Construction Plans
5. Application Letter

Proposed Development:

- ◆ Application No. V-1446 by Owatonna Pearl LLC, a request for a rear setback variance of 6' where a 12' setback from the north property line is required for a new structure.
- ◆ The applicant is proposing to construct a 43 unit apartment building.
- ◆ Due to soil conditions in the SE corner of the lot the applicant had to redesign the building.
- ◆ Due to the redesign and the layout of the building the applicant is requesting a 6' rear setback along the alley.
- ◆ This variance is only for the building width along the north property line. The width is approximately 65'.
- ◆ The applicant is trying to maximize the greenspace in front of the building to provide for the tenants.
- ◆ The downtown area only has a 12' rear setback required.
- ◆ State Statute requires that the applicant show a practical difficulty in order to be granted a variance. You also need to show that the variance requested is the minimum amount necessary to accomplish what is needed.
- ◆ A variance must stand on its own merits and may not be compared to other situations in which variances were granted.
- ◆ According to the ordinance, the Planning Commission shall make findings of fact base on the following.

- ❖ That particular physical surroundings, shape, or topographical conditions of the specified parcel of land involved.
- ❖ That the condition involved is unique to the particular parcel of land involved.
- ❖ That the alleged difficulty or hardship is caused by this Ordinance and has not been created by any persons presently having an interest in the parcel.
- ❖ That the granting of the variation will not be detrimental to the public welfare or injurious to other land or improvements to the neighborhood.
- ❖ That the proposed variation will not impair an adequate supply of light and air to adjacent property, or substantially increase the congestion of the public streets, or interfere with the function of the Police and Fire Departments of the City.

Staff Review:

Staff is recommending approval of Application No. V-1446 by Owatonna Pearl LLC, a request for a rear setback variance of 6' where a 12' setback from the north property line is required for a new structure with the following provisions.

- 1) There shall be no additional encroachments on the north side of the building.
- 2) All building codes shall be met.

Application for Variance

City of Owatonna, Minnesota
Planning and Zoning Department
540 West Hills Circle
(507) 444-4340

Address of Property: East Pearl Street (Parcel 17-100-2003)

Legal Description: Lots 4-7, Block 20 Plat of the Town of Owatonna

Owner: Name: Uptown Owatonna, LLC Attn: Ari Kolas

Address: 4057 28th Street NW, Suite 200, Rochester, MN 55901

Email: ari@hamiltonmnre.com Phone: (507) 271-5553

Applicant: Name: Same as Owner

Address: _____

Email: _____ Phone: _____

Present Zoning: Central Business District

Application is hereby made for a Variance on the above described property in accordance with the conditions as set forth in Zoning Ordinance No. 827 as follows in application:

Requesting variance for setback to 6 ft along the north side of the property. Due to poor soil conditions on the site, the building was redesigned to reduce the amount of soil corrections required. The poor soil conditions present a hardship that is unique to the property. The proposed apartment building will match the character of the surrounding properties.
